I manage a structured portfolio of businesses, ensuring each client receives accurate, timely, and decision-ready financials without compromise

🎯 EXECUTIVE SUMMARY

Senior Accountant and Financial Operations Partner with 17+ years of experience supporting international businesses across the US, Australia, and the Middle East.

Currently leading finance and accounting operations for a primary long-term engagement while managing a select portfolio of retained clients.

Known for bringing structure to complex financial environments, ensuring audit-ready books, and delivering accurate, decision-ready financials that support business growth.

💎 CORE VALUE

- Transform disorganized books into decision-ready financials
- Ensure accurate, fully reconciled accounts every month—no surprises
- Provide clear financial insights, not just reports
- Identify risks, discrepancies, and inefficiencies early
- Maintain systems that support scaling businesses without breakdowns

🤝 CLIENT PORTFOLIO EXPERIENCE

- Support a select portfolio of international clients across real estate, e-commerce, and service-based industries
- Manage accounting operations across multiple entities while maintaining consistency, accuracy, and timeliness
- Maintain structured workflows ensuring reliable month-end close and reporting
- Deliver standardized financial reporting and reconciliations across engagements
- Act as a financial operations partner, providing insights beyond transactional accounting
- Ensure all accounts are audit-ready with minimal supervision

💼 SELECTED ENGAGEMENTS

BLUESKY INVESTMENTS LLC

Finance/ Accounting Lead (Nov 2018 – Present)

- Lead end-to-end accounting and financial operations, ensuring accurate, timely, and decision-ready reporting
- Manage full financial reporting cycle including P&L, Balance Sheet, and supporting schedules for leadership use
- Oversee multi-entity accounting, intercompany transactions, and consolidations with high accuracy
- Perform budget vs. actual analysis, identifying financial drivers, risks, and opportunities
- Maintain fully reconciled, audit-ready books, reducing financial uncertainty and reporting delays
- Proactively identify discrepancies and implement corrective actions before impacting financial reporting

SYSTEMS & WORKFLOW EXPERIENCE

Experienced in building scalable, repeatable accounting workflows across multiple clients and entities:
QuickBooks Online | Xero | NetSuite | Bill.com | Dext | Stripe | Salesforce| Clickup | Voyage| Floqast
